About BRMC Evergreen Substance Abuse Treatment Center

The Evergreen Substance Abuse Treatment Program at Bergen Regional Medical Center provides comprehensive substance abuse treatment to more than 15,000 people annually. Evergreen's full range of services includes Inpatient Detoxification, Residential Treatment, Partial Hospital Programming and Intensive Outpatient Programming.

Evergreen is designed to meet the needs of persons over the age of 18, who are suffering from the disease of addiction to drugs and /or alcohol. The Bergen Regional Medical Center Access Center will assess patient needs and direct patient admission to the level of care that will provide the most appropriate treatment.

About the BRMC Medical Detox Program

Inpatient treatment is often necessary for a safe and successful medical withdrawal from alcohol, heroin, benzodiazepines and prescription pain medication. Patients requiring detoxification can do so in a safe environment staffed with trained, competent, and caring professionals. The time period for detoxification ranges from 4–8 days.

About BRMC

Located at 230 East Ridgewood Avenue in Paramus, NJ, Bergen Regional Medical Center provides a comprehensive set of quality services including Long Term Care, Behavioral Health Care and Acute Care to the Bergen County community.
